Last job (not IT industry):

Company: "ENKO" Ltd - commercial firm selling equipment for energy distribution companies of Ukraine.

Responsibilities: searching for necessary products, selling equipment, execution of contracts, preparation of tender documentation, accounting documents, logistics.

Experience:

I have 2.5 years of experience in writing code and HTML layout. I constantly study new materials and don't stop improving my existing skills. I have impressive experience in my previous job, where I have acquired the skills of teamwork, communication with clients, paperwork, and many others.

Additional information:

I have a high ability to study, as evidenced by the achievements listed above. I want to create interesting things and be a part of a good team. These qualities will significantly contribute to your company's success and development. I will make every effort to make this happen.
