Last job (not IT industry):

Company: "ENKO" Ltd – commercial firm selling equipment for energy distribution companies of
Ukraine.
Responsibilities: searching for necessary products, selling equipment, execution of contracts,
preparation of tender documentation, accounting documents, logistics.

Experience:

I have 2.5 years of experience in writing code and HTML layout. I constantly study new materials
and don`t stop improving my existing skills. I have impressive experience in my previous job,
where I have acquired the skills of teamwork, communication with clients, paperwork, and many
others.

Additional information:

I have a high ability to study, as evidenced by the achievements listed above. I want to create
interesting things and to be a part of a good team. These qualities will make a significant
contribution to the success and development of your company. I will make every effort to make
this happen.
